## MINISTRY Evolution

At Ministry, we are all about evolving and moving forward! Due to the exciting growth we are continuing to see, I (Jackie) have decided to relieve some of my front end duties and have appointed Karen Glendenning as manager and as the first point of contact for all staff and parents at Ministry.

I still will have a very strong presence within the studio and will also be teaching all my usual classes, however, to ensure that the studio maintains it's high level of standards I need to focus and concentrate on staff performance, student recognition, competitions, dance training, studio reputation and back end business management to ensure that students are receiving the highest level of training and teaching possible!

I will be meeting with Karen on a daily basis so I will still be well informed and know of all procedures and classes that are in place. If you feel as though after speaking with Karen, your questions still feel unresolved, please do not hesitate to contact me.

My studio and everyone involved, parents and teachers are 100% my passion and focus and I'm very excited to take ministry to the next level!!!
